

## Problem Set 1, due Tuesday February 3.

Read Haberman Chapter 1. The following problems are from the text. Each problem is worth 10 points.

1.2.3

1.2.4

1.3.2

1.4.1 e,g

1.4.3

1.4.7a

1.5.3e

1.5.9a

1.5.11

You should write up the problems in a clear, concise and to the point manner. Be totally convincing and strive for perfection. I recommend you learn to type your homeworks using a version of the typesetting language TeX (for example LaTeX) as this looks great, you have a record of your work and you have a skill that will serve you well in your other work.
